Phone: +91 7799239124 **Email:**madhireddynarasimha1234@gmail.com
LinkedIn: linkedin.com/in/narasimha-madhireddy-b5789b366 **Location:** Kadapa

PROFESSIONAL SUMMARY

Recent B.Tech graduate in Artificial Intelligence and Machine Learning with a strong foundation in Python, Machine Learning and Data Analysis. Hands-on experience developing AI-based healthcare applications using TensorFlow, Flask, and computer vision techniques. Passionate about solving real-world problems through data-driven solutions and eager to begin a career as an AI/ML Engineer, Python Developer.

TECHNICAL SKILLS

Programming: Python
Data Analysis: Pandas, NumPy, Matplotlib, Excel
Web Technologies: HTML5, CSS3, JavaScript ES6
Tools: Git, GitHub, VS Code, Jupyter Notebook

EDUCATION

Bachelor of Technology (B.Tech) – Artificial Intelligence & Machine Learning
Godavari Institute of Engineering and Technology, Rajahmundry
Graduation: 2026

PROJECT

Multi-Scale Transformer-Based Hybrid CNN for Real-Life Brain Haemorrhage Localization

- Developed a hybrid CNN and Transformer model for automated brain haemorrhage detection from CT scan images.
- Implemented image preprocessing, feature extraction, and data augmentation using Python and OpenCV.
- Built and trained deep learning models using TensorFlow and Keras to improve prediction accuracy.
- Developed a Flask-based web application for image upload, prediction, and result visualization.
- Evaluated model performance using Accuracy, Precision, Recall, F1-Score, and Confusion Matrix.

INTERNSHIP

Python Programming Intern – Skill Dzire

- Developed Python applications by applying core programming concepts including variables, data types, loops, functions, and object-oriented programming (OOP).
- Built Python scripts to automate basic tasks and solve programming challenges, improving code efficiency and logical problem-solving skills.
- Implemented file handling, exception handling, and modular programming techniques to create reliable and maintainable applications.
- Utilized Python standard libraries and reusable code practices to develop well-structured, efficient, and scalable solutions.
- Debugged, tested, and optimized Python programs through hands-on exercises and mini-projects, enhancing code quality and performance.

CERTIFICATES

- Machine Learning Internship – Skill Dzire
- Python Programming-Skill Dzire
